

LONG ISLAND'S SCHOLAR ARTIST DANCE (Ballet, Modern, Jazz, Tap and World Dance Forms*)

Selection Process

The selection process for the Long Island Scholar Artist Award in Dance will be conducted by a selection panel comprised of artist educators from Nassau and Suffolk County. These panelists will review each participant's audition submission, labeled the student's name and high school. The decisions of the selection panel will be standard-of-excellence based. Participants will not be judged against each other, only against a standard of excellence within each discipline for this age group.

The evaluations of dance participants will be based on four sets of criteria:

- Technique – the skill to execute the demands of the choreography with proficiency and apparent ease.
- Presentation – the presentation of one's self, physically, at a standard recognized in this dance form.
- Musicality and Phrasing – the ability to physically express the rhythm, melody, nuance and character of the music through the choreography.
- Artistry – the creativity and sincerity of the performance which arouses a response with the viewer.
